Response to Notice Regarding Power of Attorney

The undersigned has received and has carefully reviewed the Notice Regarding Power of Attorney dated August 10, 2007. The Notice puts forth the view that "the Certificate required by 37 CFR 3.73(b) has not been received".

This view is in error. The USPTO received the Certificate on August 1, 2007 and it is plainly visible in IFW on that date.

The USPTO is respectfully requested to acknowledge the error put forth in the Notice, and to withdraw the Notice. The USPTO is further respectfully requested to recognize the Power of Attorney (filed August 1, 2007) without further delay.
